### **STEP 2: FIELD AND PARCEL INVENTORY**

Populate the following table with parcels for which the INMP Summary Report is being submitted. You can define a field or a "Management Unit" as a parcel or parcels with the same crop, fertilizer inputs, irrigation management practices, and nitrogen management practices.

If you do not apply nitrogen fertilizer to your fields these forms are still required to be returned. Please enter a 0 (zero) for nitrogen applied on the INMP Summary Report.

Please add comments if any fields experienced drought, pest, or salt stress. If fields were not harvested due to economic reasons please indicate below. Any additional information pertaining to the harvest year can be included with your comments.
